

## **Introduction**

Butts are a unisex attraction since both guys and girls have them and appreciate squeezing and licking a cute one. After some sexy foreplay you'll then look at that beautifully framed small hole and decide it would look even nicer with something big stuck in it. At least that's what the Big Ass Busters think, and they'll even show you how they do it!

## **Adult Review**

It's easy for both guys and girls to appreciate a little junk in their lover's trunk. Bony butts aren't that much fun to snuggle up against and squeeze, so an extra layer of cushion really isn't a bad thing. The Big Ass Busters have put together a huge catalog of nasty DVDs that feature ladies with gorgeously plump rumps having a great time with other like-minded guys and girls.

The current DVD count sits at 1170, but that number hasn't changed since September 2008 no matter what the update clock tries to tell you. Each of the DVDs have been chopped up into their individual scenes which are all separately available as both downloads and streams in WMV format. You can even watch only a specific part of each scene once you learn how to use the nifty preview feature that the Big Ass Busters developed.

The members area layout looks pretty good for such a large site. To the left are all of the menus and search options that you can go through, and the DVD selection area is always in the center. If you and your lover particularly enjoy the work of a favorite porn starlet, you can search for all of her movies. And as you sort through the hardcore content you'll notice that there are a lot more niches offered than just big butts.

That's because Big Ass Busters is actually just one part of a huge DVD collection that spans tons of other nasty specialties, including sexy threesomes, oral and anal sex, and even some more kinky fetishes. To enjoy it all you'll need to sign up as a platinum member, but this option isn't that much more expensive than the short term trials, so it definitely makes the most sense.

Make sure you take a peek at one of the boxes to the right side of this review to see a list of all of the extra DVD catalogs that your platinum level access will buy. It's much cheaper than dinner for two at a fancy restaurant, and the dessert that you and your lover will enjoy will likely be much sweeter and hotter!

## **Porn Summary**

What really annoys me is that the tour for this site has almost nothing to do with the members area. The site isn't really bad, but the advertising doesn't much match what's in there.
