

Introduction

Interracial sex is a beautiful act to watch. Black Cream White Ass specializes in big black cocks spurting frothy clear jizz deep inside the asses of sexy white women. The exotic look of dark and white skins feverishly pounding away at each other looks so sexy that it will make you want to find another lover...maybe even one of another color!

Adult Review

One of the best things about asses is that both women and men can appreciate a cute one! Cute asses come in all shapes and sizes and colors. Black Cream White Ass has decided to focus on white female asses that prefer being penetrated by black dicks. The producers must think that the contrast looks great on camera. And of course the fact that black cocks are generally thick and long doesn't hurt either...unless you want it to.

The layout of the Black Cream White Ass members area is laid out in a really clean presentation that makes finding the newest updates a breeze. All episodes are clearly labeled with the date of upload and the name of the star, along with how many pictures the accompanying photo gallery has and how long the full length video runs.

The most recent update features girl next door Kaci Starr in a sizzling anal sex session with a tall dark knight in tight dread locks. Kaci has a spunky attitude and looks cute as a button as she and her black lover enjoy a sensual soapy shower together. After making sure they're both squeaky clean, she sucks on his dick while still in the shower. But before long, they move on to the couch and her dark skinned lover literally explodes in a squishy mess after fucking her ass from behind. Turn up the volume to hear the fun first-hand!

All of the Black Cream White Ass episodes come with awesome high resolution photo galleries that really show off each star's best assets. Most of the photo sets do not follow the action of the videos, but they're a great way to see your favorite star all dolled up and teasing the camera. There are hardcore still shots as well, and plenty of creampie closeups.

Right now there are 15 exclusive episodes online at Black Cream White Ass, with most of them running 30 to 40 minutes long each. They're all available in 1280 x 720 HD WMV, as well as a few other lower resolution formats. A limited trial membership is completely free, but if you want to see all of the awesome interracial creampie content you'll have to upgrade to full paid membership. And you'll both be pleasantly surprised when you realize that full access also lets you in 10 other creampie focused sites that make up the Cream Pimps network. Just take a look at the right side of this review to see the full listing.
