

Introduction

Women like their fucking just as filthy and hard as men do, and when it comes to really knowing what women want in porn, the Burning Angel crew really get it. The real difference between the male-oriented throat and ass pounding you'll find on most sites and the movies you'll find here is that the alt-babes of Burning Angel get just as much head as they give, and that's a lot!

Adult Review

There is a lot more to offer on Burning Angel than pink-haired hotties sharing cocks and going down on each other. There are interviews with up-and-coming bands, reviews of the newest video games, and message boards where you can discuss your favorite Burning babes with other fans and with the girls themselves. They are currently working on a chat feature. It's not available just yet, but once it is, along with the events schedule and the message board, it'll be yet another way you can interact with the models in real life, making this so much more than just another place to log-on when you want to get off.

 The images on Burning Angel, while not high-res, are very good quality. You'll find a large variety of girls of every imaginable ethnicity and hair color, sporting looks ranging from sweet girl-next-door to mohawk-sporting Jezebel. Each girl has anywhere between 40 to 100 images. Each photo set offers you the option of viewing it as a slideshow, e-mailing the photo, or even linking directly to a photo. Some sets are softcore, but most are as hardcore as the models themselves.

 Burning Angel's videos are produced in 1,080 X 720 High Definition for WMV and QT formats, and they can also be viewed on your Iphone. The 30 minute movies can be downloaded and viewed in their entirety or as three separate ten-minute scenes. With 98 scenes on the site and no network access, the site is much more about quality and community than quantity.

 In the scene called 'Switch-a-roo', while making out and having fun fingering each other, tattooed brunette temptress Joanna Angel and her look-alike friend Draven take turns with James Deen, switching places whenever he leaves the room.

 Hilarious fun ensues as Joanna and Draven furiously masturbate in the shadows as they each watch the other sucking cock and having their tight holes stretched around Deen's impressive girth. Draven spews forth a stream of profanity of Exorcist-proportions as she takes on Deen's massive member. While watching her friend get it reverse cowgirl style, Joanna can no longer bear to remain hidden and away from the action. She emerges from her hiding place and gives Draven's clit a tongue lashing as she ride's Deen's rod. Draven sucks Deen off while Joanna rides his face, then the two girls share a messy mouthful.

Porn Summary

Whether you're a solo viewer or looking for something to spice up your sex life with your girl, Burning Angel is a great site. The girls on this site do the filthiest things, and they look like they are having such a great time doing it. Who knows, maybe if you watch these videos with your girlfriend she might be willing to try some new things? It's worth a try, and if she says no, you can always log-in after she's asleep and have a great time without her.
