

Introduction

Heterosexual porn lovers have long been fascinated with the 'creampie' scene featuring a beautiful woman and her man having sex on camera and allowing him to finish inside her by pumping her full of his special seed. It isn't safe sex by any means but if you are a loving couple trying to spice up your sex life and sure of each other's safety then CreamPie Surprise may be just the sexy site you've both been looking for!

Adult Review

A big part of the adult movie industry is bringing viewers fantasies that they can not often obtain in their own private lives presently. Whether that means breaking down prejudices by exploring taboo sexual practices or offering a glimpse of what an act would be like if you had the right partner to try it with, a site like CreamPie Surprise serves an important purpose.

No, the general public should not take this site to be an invitation back to the days of unsafe sex, but with performers who are tested and sure of their partner's safety, this is the kind of site that can provide viewers with all the fun of the fantasy and none of the risk that would cum along with risky behavior like this among promiscuous partners in real life.

The site itself is top quality, featuring DVD resolution video and high res photo sets in 1024x680 format that cum lovers are sure to spend time poring over. The camera work is excellent and the action really is very hot!

Best of all, you can tell these are performers who have worked together (and played together) before. The level of trust they share enhances the level of excitement that is obvious in their performances. These are men and women who are in the moment and loving every minute of each other's affection.

Priced a little lower than the standard rate of this kind of site, we were pleasantly surprised to see so many included sites on their Network as well. Along with lots of bonus feeds and extras, CreamPie Surprise is almost as full of wholesome goodness as their female starlets are at the end of each sexy scene!

Porn Summary

I'd like to have seen a safe sex message posted somewhere on the site asking viewers to be responsible in their own lives with partners who they do not know well enough to share fluids with, but if you treat the site like the fantasy world it is supposed to be... there is no denying these scenes are sexy!
