

Introduction

Tired of the same old boring white chick pornstars? Add a little spice into your porn life with Ethnic Pass. You'll find Asian sweethearts, black hotties, and Latina babes to add some variety to your porn collection.

Adult Review

Ethnic Pass is not only a massive megasite that promises, and delivers an absolutely gigantic pile of porn - but they also cater to those of you looking for something more than the typical bleach blond white pornstar in your hardcore videos.

As you can probably tell by the name, Ethnic Pass features a bevy of ethnic beauties. You have plenty of ebony babes, Latinas, Asians, and Indian hotties. There is a massive collection of content within these various niches - 2,753 DVDs worth, to be exact. Within these main categories are plenty of subcategories so if you want to see a black gangbang or Asian lesbians, you can narrow it down to exactly what you want to see. You can also search by keyword, pornstars, or new releases.

Ethnic Pass is a daily updating site, so no matter what flavor of exotic porn you want to see you'll have a steady supply of it coming in. The video pages are well organized, with a quick description, a full list of pornstars that you can click through for the individual pages, and the different scenes from the DVD. The average scene length is anywhere from 15 - 20 minutes each, which tends to run over 60 minutes per DVD.

The quickest option to view the videos is the Flash streaming video. The downloadable versions come in three flavors - Xvid at 576x432 and 2 mbps, the WMV, and the MP4 versions. The best quality video is more than good enough for you to enlarge all the way and get your action full screen.

Along with the Ethnic Pass membership, you also get access to 100 bonus sites. Although not all of these are ethnic porn sites, there are plenty of the various niches to keep you going. Of course, chances are you aren't going to run out of Ethnic Pass videos for a long time. This is a well organized site and a great value for ethnic porn lovers.

Porn Summary

There's nothing quite like watching all these exotic pornstars in one place - daily updates and plenty of bonus sites make this a sweet deal that I would pick up any day.
