

Introduction

When two single guys meet each other for the first time, chances are they're not looking for a really romantic love connection. If the chemistry is right, they'd be more than happy to just start off by getting off! At Gay Blind Date Sex, you'll see a mix of twinks and bi-guys trying their luck at scoring a successful sex-filled one night stand.

Adult Review

Gay Blind Date Sex features 62 exclusive gay episodes that follow the exploits of two young studs meeting for the first time on a blind date. It doesn't take long for them to get to know each other really well when they blow off the rest of the night's plans and decide to blow each other instead. lol
All of the videos feature hot man4man action with a focus on twinks, but there are also some steamy interracial scenes, all black scenes, and even a few Latino stud scenes to keep the site real.
All videos at Gay Blind Date Sex are stream-only. The streams are available from an embedded flash player within the website. There are three different speeds available ranging from 56kbps to 500kbps, and three different formats which include two sizes of .wmv (320 x 240 and 640 x 480) and one 320 x 240 .mov. The videos are segmented into multiple sections and a full stream is not available. The vids range in length from 40 to 60 minutes.
The main members area has a clean look that is easy to navigate. The latest addition to Gay Blind Date Sex is featured in the center of the page and has a few thumbnails and a text description. A search feature has been implemented to make it easy to find your favorite stud. And if there's a specific dude or scenario you'd like to see featured, a suggestion form is available to take your ideas directly to the site managers.
Several trial membership options to Gay Blind Date Sex are also offered but you're better off staying away from all of them. The prices are cheap, but the membership is limited. You won't be able to access all of the content that the network has to offer. And if you forget to cancel or decide to let it auto-renew, the converted monthly rate is more expensive and set at \$39.95 instead of the standard monthly price.
The pictures are good quality and filmed with a real digital camera, so you're not just subjected to low quality thumbnails. The stills are presented in 800 x 533 resolution and cover the entire scene, so you'll see the studs decked out in their date outfit before stripping down and getting nasty.
Unfortunately Gay Blind Date Sex is no longer updating with exclusive content, even though the banner on the site tour says it does. The last update is dated from December 2006. The banner also advertises downloadable videos, which again is somewhat misleading. Hopefully the site starts updating again soon and downloadable versions get added, check back for updated info if any becomes available.

Porn Summary

It's a cool concept and the content is actually quite good... I just wish it was downloadable and that the members area was still updating...
