Adult Review

For years the foot fetish community has been kicked to the curb by most mainstream adult content providers. Forced to choose between 'standard smut' or low quality amateur movies aimed at the special brand of foot-centric content you crave. Well, that is finally a problem of the past because Hot Legs And Feet is a true temple of foot worship. An ankle lovers dream, this site provides 745 foot fetish exclusive hardcore movies in glorious high definition detail that only the rich 1280x1024 format can provide.

Each scene is carefully crafted and stars models with magnificent lower extremities. Darling divas whose toes and arches support not only their dainty bodies, but your erotic fantasies as well. In every scene you can expect to find plenty of toe touching, leg licking and kissing of her calves! Of course these lovelies return the favor and provide plenty of footjob action as well.

To a true foot lover, Hot Legs And Feet is a way to explore the models' soles... and a salve for their own soul as well. Out of the shadows and into the bright light of serenity, this fetish is finally given a place that it can call home. No judgments, no stigma, just the purest form of sexuality released on your senses as the sights, sounds and even the aroma can be felt during each exceptional update.

Porn Summary

I'm only a novice foot lover, I 'get' the attraction but have not been able to explore it more fully until now. Hot Legs And Feet really is a visionary masterpiece of adult taboo content.
