

## **Introduction**

House Of Taboo is like a museum of kink. Storing over 200 exclusive scenes and featuring a vast variety of role-play scenarios, every new addition to their archives is carefully crafted and lovingly captured in rich 1280x720 high definition detail. See each drop of sweet sweat cascade along her latex jumpsuit as candle wax and kisses descend upon her from her master's unique forms of affection. The results will make your libido shiver!

## **Adult Review**

House Of Taboo is a site without limits. It's a place where you can free your mind from the dogma that gets pumped into it all day by conservatives and the media and all the other too-tight types who think they should be monitoring what other people get off on.

Segmented into easy to find categories and offering a combined total of 201 updates in their archives, the 2000x1328 magazine quality pictorials are enough to get you hot hard or wet as the case may be... but it's the 1280x720 high definition bondage and fetish videos that will have you coming back for more!

House Of Taboo allows .zip downloads of content to make it easier on members with slower connections and the broadband crowd will love the quality of the large format offerings. In all, the site gives you each update in as many as nine different file types so no matter what your connection they have you covered like a full latex bodysuit complete with a zippered mouth-less mask!

Keep in mind, this is a site that is intended for B&D fans of the roleplay fantasy underground. If you are looking to expand your own interests or if you are a Dom or sub seeking quality content to give you new ideas on how to enhance your own power exchange then House Of Taboo is definitely for you. If however you are looking for some 'vanilla smut' without all the bells, zippers and whistles then you may be best off seeking it elsewhere.

## **Porn Summary**

I've found a few other bondage sites that are even more hardcore than this one and you can see those on BiReviews as well, but none have the kind of camera work that House Of Taboo provides. The high definition videos and fantastic pictures really do show you ever drop of sweat forming on the sub's brow!
