Adult Review

Being part of the in crowd is an amazing feeling, especially during a hot Saturday night in South Beach. All the high-rollers are out at the clubs drinking bubbly and dancing the night away with models, Celebs and party girls who really know how to work it! Now, you can go with them and rub elbows with the movers and shakers In The VIP!

With over 125+ updates already in their archives, and each one of them averaging more than an hour in length, this is a reality site that really brings you a lot of action outside on walkway, inside on the dance floor and after hours back at the hotel rooms.

Each scene is filmed in DVD quality 720x480 that looks great full screen and can be either downloaded to your hard drive or streamed without any wait times.

All the videos are accompanied by photo sets of 1000s of high-res party girl pictures that are as good as any photo album shots you've ever taken during your own hot Miami nights at the club, in your limo or upstairs in your hotel.

The best part of the site is actually the pre-sex video of really sexy models getting busy on the dance floor and flirting with each other or with the fine looking men who came inside with them!

Taking the Free Preview of In The VIP from BiReviews allows you to get a special discount join price of only \$17.95 instead of the usual 24.95 just for being a part of the community! On Saturday nights I'm usually out at the clubs but if I'm not feeling up to a late night, this site is the next best thing to being there in person. It's all of the action with none of the hangover!
