Adult Review

If your only experience with lesbian porn has been lipstick lesbians that look like they'd rather be sleeping than licking pussy, you are about to have your world turned upside down by Lesbian Sistas.

These black lesbians will stop at nothing to get their tongues deep inside some perfect chocolate pussy. They lap away for hours, nearly shaking the house down with their multiple orgasms. Both black amateurs and pornstars are clamoring for a chance to get their lesbo action on at Lesbian Sistas, and the passion is real and exciting.

There are 27 episodes of black lesbian action, although you might have a bit of trouble finding it at first. Most of the options when you first log in have to do with the bonus network as opposed to the site itself. Just look for the Featured Series link and you'll be in the clear.

Every episode of black lesbian licking action has a video and a photo set that you can watch. The videos are all DRM free, and come in a variety of formats so there's a perfect option for you. There is a streaming flash version that starts up right away, so if you want to see these sapphic sistas laying waste to each other's gorgeous gashes this is a great choice for you. The best quality download is 576x432 and 2 mbps, in the Xvid format, but there are also WMV and MP4 formats if you want something faster to download. The photos come in at 1024x680 and are actual pictures as opposed to vidcaps, so you can really get into these if you like the photo side of things.

The bonus network that you get with Lesbian Sistas is accessible from the main member's area - pretty much any link other than the Featured Series link will take you there. There are 120 bonus sites which includes another black lesbian site, along with 23,000 scenes. There is something for everyone's porn taste in the network, and with daily updates you'll never get bored.

There aren't many entrants in the black lesbian niche, and Lesbian Sistas comes on strong and doesn't back down. With quality episodes and a full blown cornucopia of porn in the bonus network, it's hard to beat this deal.

Porn Summary

I love lesbians of all shapes, sizes, and ethnicity, so Lesbian Sistas certainly hits the spot for me. The bonus network also made me want to just sit in my chair and whack it all day long - it's a great package.
