

### **Introduction**

Move over martini, there's a new drink in town. To make a Sperm Cocktail, all you need is somewhere between ten and fifty-five men to cum in a glass for you so you can swirl it around until it's mixed (shaken never stirred). Once the model swallows it all down, you can tell by her reaction whether or not you've created the perfect Sperm Cocktail. Brought to you by the twisted mind of Brandon Iron, Sperm Cocktail makes every hour a happy hour.
