Adult Review

You'll find 38 exclusive episodes at Tranny Seducers which is focused on sexy Brazilian transsexuals. All scenes feature one-on-one action between a sexy shemale and a hot straight or bi guy. Most of the Tranny Seducers videos are available as High Definition downloads. The High Def format is a 1068 x 600 resolution .wmv file that has been encoded at 3.68 Mbps for crystal clear playback. You can also choose to download the scenes in several different lesser quality formats if the HD file is too large. You can download full-length clips or segments of a few minutes each. What you download is yours to keep because no DRM is used. All videos can also be streamed from within your web browser. Updates have generally been added every two weeks. These trannys love to get their tight asses fucked by thick dicks, and enjoy swallowing cum like any real slut should. Thankfully there is not much setup for each scene, so the full 30 minutes is focused on the hardcore action. A lot of the guys also love to get up close and personal with tranny cock, and suck them and give up their own hairy asses. The main login page of Tranny Seducers looks great. It's nicely put together and site navigation is easy. You'll find the latest addition to the site front and center, along with some thumbnails to give you a quick preview of it as well as a text description. If you have a favorite tranny, feel free to search for her by name, because a search feature has been added and works great. If there's a particular South American shemale you'd like to see featured next, use the site's suggestion form to bring your ideas or comments to the attention of the owners. The exclusive update area consists of twelve scenes per page organized in a neat four by three grid. Every episode is labeled with the date of upload and the name of the shemale, along with some icons and text links. Pay attention to the icons, because they will tell you which scenes are available as High Def downloads, because some of the oldest Tranny Seducers content is only available to stream. You can access the update's photo gallery from here as well. Each gallery consists of well over 100 individual photographs. All pictures are shot with a high quality digital camera and shown in 800 x 533 resolution. The galleries are a mix of softcore posing and hardcore shemale sex. Even full monthly members are subjected to download limits. During the first month of your membership to Tranny Seducers, you'll be allowed to download up to 24 videos. If you let your membership auto-renew that limit will be extended to 48 videos, and will remain at that level for the duration of your membership. If you like what you see on the tour and decide to sign up for a monthly membership it usually costs \$39.95, but because of a special deal BiReviews made on behalf of our members, you can sign up by checking out the Free Preview of Tranny Seducers on this website and then sign up for a discounted price of only \$29.95 on their site! Full monthly members of Tranny Seducers are also granted access to all of the Included Sites featured on the right side of this review. They're a nice mix of exclusive gay and tranny content, with most of it also available in High Def as well!

Porn Summary

It's one thing to be asked out by a shemale, but these ladyboys were a little too aggressive for my own tastes. Still, the action was definitely hot!
