

## **Introduction**

It's time to XXX Rewind back to the Wild 1970s, Big 1980s and Dirty 1990s. Back in the days when getting good porn meant walking down to the videostore and seeing which shiny new box on the shelf was going to be the lucky one coming home with you. XXXRewind puts that entire adult video store into a really easy to use interface and guess what... there's never any late return fees or charges for not rewinding the hardcore action before you bring it back!

## **Adult Review**

XXX Rewind is not your typical porn video site - there are decades from the 70s to the 90s plastered across the top of the site, along with pornstar names that you might not have heard in years. John Holmes, Ginger Lynn, Nina Hartley ring a bell? This classic porn site not only takes on the golden oldies, they are remastering these pieces of the porn past so that everyone can enjoy the action.

Sure, the concept might seem odd at first - with all of the porn today, why would we need to go back 30 years for enjoyment? The classic porn movies that XXX Rewind is featuring offers up more than just nostalgia - the action is still as intense as today's porn, if a little more tame, the tits are all natural, at least up through the 80s pornos, and the pussies tended to be rather hairy in nature. Oh and you can't forget about the attempts at plots - some are great, some are cheesy, but all are indeed rather fun.

In addition to sporting the classic porn videos, XXX Rewind also offers up one of the most user friendly layouts to get through the 1,000+ scene collection. You can browse by series, pornstar, studio, decade, latest releases, or just go for broke and use the keyword search. The video pages are just as user friendly, with a great listing of all of the stars in the scene along with the various niches that it covers.

The videos are downloadable in three formats and streamable in one. The downloads are DRM free so you can enjoy the videos for as long as you'd like. The best quality is the Xvid at 576x432 and 2mbps. The quality does vary a bit from DVD to DVD since the sources are varied and obviously the videos have quite a bit of age on them. The other two formats are WMV and MP4. The latter allows you to enjoy any of the videos on the road. Finally there's a flash streaming version if you have to see the video right now, along with vidcaps that give you a good preview of the action.

XXX Rewind updates every 2 to 3 days with a full classic porn DVD, giving it great growth to an already large collection. This is a sure buy even if you're only a little bit interested in the classic porn scene - and chances are you'll be hooked.

## **Porn Summary**

I just love how quirky and enthusiastic the sex is in classic porn, along with the fact that the hooters are all natural. The collection is big enough and varied enough to keep me whacking away for hours, and I'm a big fan of the frequent updates.
